

## Greece - Santorini - Villa Ilios & Selene

Villa Ilios & Selene is ideally situated 300m above the sea on the cliffs edge in the peaceful village of Imerovigli and offers spectacular views of the Caldera.

Romance, view and peace are the three words which most accurately describe the village of Imerovigli. The view and natural beauty are simply spectacular: bare red and black earth meets the deep blue waters...

This smooth-edged architecturally restored "Canava" has a stylish Mediterranean feel. The villa affords two separate living areas and is perfect for a romantic get-away or a holiday with a small group of friends, and provides the perfect base from which to explore the island.

Ilios consists of a compact kitchenette and living area with glass doors leading out onto the shaded terrace. A stairway leads down to a comfortable double room with en-suite bathroom.

Selene is fronted by glass double doors leading into the dining and living area, affording a wonderful entertainment area. The all-white master bedroom, leads to a dressing room and en-suite bathroom.

An enchanting find for those who appreciate design combined with stylish simplicity.
